

A Lasting Legacy, A Powerful Impact

Endowment Giving Opportunities at
PIH Health Foundation

You support PIH Health Foundation because you believe that patients should always come first and because you know that this idea drives everything that we do. "Patients first" is a promise rooted in our long history of service to the community and a commitment at the heart of our work today.

With your support, you can help ensure that patients come first at PIH Health and throughout the communities we serve for generations to come.

Why Endowment Matters

PIH Health has benefitted from the support of a strong and dedicated community for decades, and every day, our goal is to show that same dedication to our patients. Whether you are a new supporter of PIH Health or have been with us from the beginning, your gift to endowment makes a statement that you care about the health of our community, not just today but for years to come.

Your gift to endowment is an investment in the health of the communities we serve and a worthwhile use of your hard-earned resources to support a brighter future for the community you care about.

The Impact of Endowment at PIH Health

PIH Health Foundation's Endowment Fund is composed of many restricted funds established by donors for specific purposes, such as supporting the work of service lines, programs, or one of our three hospital campuses. Most recently endowment funds have been distributed to support the following:

- Cancer Research
- Cardiology equipment
- Continuing Education for Physicians
- Diabetes Education
- PIH Health Good Samaritan Hospital
- Nursing Scholarships
- Oncology Program
- Ophthalmology
- PIH Health Good Samaritan Hospital
- PIH Health Whittier Hospital Residency Program
- Radiation Oncology equipment
- Spiritual Care Services
- Technology upgrades

Making an Endowment Gift

You can give to support PIH Health's work in the community for generations to come by establishing a planned estate gift, such as:

- A **bequest intention** leaving a specified amount or a percentage of your estate to PIH Health Foundation
- A **life income plan gift** – a charitable gift annuity, a charitable remainder unitrust or charitable remainder annuity trust, depending upon your income and tax goals
- A **beneficiary designation** gift such as an IRA or some other type of retirement fund naming PIH Health Foundation as the beneficiary
- Making an **outright gift or multi-year pledge** to a specific endowment fund or to PIH Health Foundation's general endowment

Donors may contribute to any of the current endowments at any amount. A donor may also create and name a dedicated endowment with an investment of \$100,000 or greater.

Supporters who make a planned estate gift and notify PIH Health Foundation qualify for membership in the PIH Health Legacy Society, which includes invitations to special events and recognition in PIH Health publications.

Leaving a Legacy

An endowment is a donation of money or property to a nonprofit organization for the ongoing support of that organization. Endowment is structured so that the original gift is kept intact while the investment gains are distributed to support the organization. Because an endowment gift's principal is protected, donors can have an impact over a longer period than with a gift that is spent all at once.

Planned estate gifts can include a variety of tax and income benefits, and PIH Health Foundation offers a variety of tools and resources to help you decide what option will best help you accomplish your personal and family goals while supporting a cause important to you.
